WORK EXPERIENCE

Aboitiz Foods Group — Jan 2025 - Mar 2025

Software Developer Intern — *Bonifacio Global City, Taguig*

- Developed a customer-facing **web application** utilizing the **jQuery framework** to streamline payment request processing and improve overall user efficiency.
- Established a data pipeline with **Google Sheets** for real-time data persistence and connected the app with automated **Google Drive** integration for secure multi-file uploads.

Schneider Electric Philippines — Jun 2023 - Jul 2023

Digital Transformation Intern — *Rosario, Cavite*

- Developed the **User Interface (UI)** for a **3D truck container filler** using **Unity and C#**, enabling operators to visualize and optimize container box positioning.
- Contributed to the development and integration of core system functionalities, directly enhancing the overall **logistics efficiency** and operational flow.

PROJECT EXPERIENCE

Keynergy: Solenoid-Based Energy-Harvesting Mechanical Keyboard — Jan 2025 - May 2025

- Architected and deployed the **Internet of Things (IoT) data pipeline** in **Python** to efficiently capture and transmit key press inputs to a centralized cloud-based data for analysis.
- Developed a **Graphical User Interface (GUI)** in **C#** that provides a real-time, dynamic visual display of the incoming key press data, offering users instantaneous system feedback.
- Leveraged **Firebase** as the **real-time database** to ensure immediate data synchronization and low-latency communication between the IoT system and the GUI.
- Led the integration and testing phase for all **hardware-software connections**, guaranteeing system stability and high-fidelity data transfer across the entire stack.

LEADERSHIP EXPERIENCE

Chairperson for Sports and Recreation — Sep 2024 - Aug 2025

Adamson University Student Government — *Ermita, Manila*

- Managed and executed the **annual Sportsfest**, organizing logistics for **over 400 student athletes** from **8 colleges** participating in **8 competitive sports**.
- Demonstrated **resourceful leadership** by running the committee with a lean team of **only 5 members** and providing critical volunteer support for other major organization events.
- Awarded the **Rank 9 St. Vincent de Paul Leadership Award** for sustained excellence as a student leader throughout college.

Executive President — July 2023 - Jun 2024

Adamson Computer Engineering Society — *Ermita, Manila*

- Directed a **leading student organization** of nearly **30 active members**, setting the vision and strategic direction for the academic year.
- Elevated the organization's standing to be recognized as the **Top 6 Student Organization** campus-wide out of all recognized groups.
